World War One Project

Dear Parent/Carer,

One hundred years ago the guns fell silent on the world's first truly global war. We believe at CTK that it is time to think about all the people who lived during this tragic and remarkable time.

All staff have planned a project relevant to their year group and age of children. This project embraces a creative curriculum that will bring the topic to life. This is where you come in! There are two things which we would like you to do over the half term in preparation for our commemorations.

1. Your child will come home with a knowledge organiser full of facts that we wish them to know at the end of the project. Please use this organiser at home to help them remember some of the detail linked to this historic event.
2. Please can you research the name of a member of your family who lived during WW1. Your child will use this name as part of an art installation that we will have in the school grounds. Your child will share information about this person in class so any photos, stories or memorabilia that you are willing to offer would be gratefully received. If your child wishes to do a special project at home on the life of this person that would be fabulous. Just a name is good too! Please complete the slip at the bottom of this letter stating the name of the person that you wish to be remembered.

Father John will come and bless our art installation on Monday 12th November at 9am. This is when we will hold our minute's silence as a school community. Please try and stay just for fifteen minutes and join us for the blessing and silence. This will be outside on the playground and I have planned for the weather to be dry!

Many thanks for your support with this.

If you have any questions please pop in and see me or a member of my team.

Kind Regards,

Nichola Potts
