

12 March 2020

Dear Parent/Carer

Science 'Gadget Shop'

Following on from our Science 'Gadget Shop' over the last two days, whilst a number of items sold out these items are still for sale. Simply complete the order form and send your money in with your child to class in a named envelope. Our Y5 Scientists will call to classes with the gadget orders for your child to take home. Have fun! Thanks to all parents and children who have supported so far, it's been an exciting experience, particularly for the Year 5 Class who coordinated this fabulous event.
